

ABHISHEK HONDALE

Frontend Developer

📍 Bangalore, India ✉ abhikhondale@gmail.com ☎ +91 9611713604 🔗 in/abhishek-hondale-76b843269

OBJECTIVE

A passionate front-end developer with a strong foundation in HTML, CSS, and JavaScript and frameworks such as ReactJS. Skilled in creating responsive, user-friendly interfaces and eager to learn and grow in a dynamic development environment.

PROJECTS

Food Delivery Website

- A food delivery website featuring a Home page that displays the menu and food items, along with a Cart and Order page for seamless transactions. The project also includes a Sign In/ Sign Up popup built with React.js for user authentication.

Weather API

- Developed a JavaScript-based weather app that fetches real-time weather data from the OpenWeatherMap API, displaying key information such as temperature, weather conditions, humidity, and wind speed for any specified city.

Tic-Tac-Toe Game

- Developed a functional Tic-Tac-Toe game using ReactJS, enabling two players to compete with real-time updates and displaying the winner's name upon victory.

To-Do List App

- Developed a To-Do List using JavaScript, where users can add tasks by entering text and clicking the 'Add' button. Tasks can be marked as completed/incomplete by clicking on them and users can delete tasks using a close icon.
